Center Specific Issues, Initiatives and Highlights

- Success of Center Industry Day will become an annual event
- Re-start Center small business forum with other on-site Government/Resident Agencies contractors to facilitate training and networking; large prime contractors and small businesses can schedule time to meet and present capabilities
- Aggressively targeting new requirements for set-asides in all small business categories
- Out of 34 construction contracts; 28 are small businesses
- SSC not only met, but exceeded their Service Disabled Veteran Owned Small Business Goal for the first time in FY2009.
